In October 1962, The  
Coopers visited The  
Webbs in Hampton,  
Va where George Webb  
took us to Rice's pit  
in The Miocene (Yorktown  
Formation) replete with  
fine fossils.

Webb was a cardiac  
patient who took mild  
exercise in fossil  
collecting. After Mr.  
Webb's death his widow  
gave the collection  
to The Museum

and W. Oliver of US Geol. Surv.

Don Fisher & Harry
